### Transcription of video:

*(Sound of bubbles popping)*

Big Tim: Hi everyone, my name is Big Tim and I'm from the Questacon Science Squad, and this is my friend Little Tim.

*(Camera pans to Little Tim)*

Little Tim: Hi everyone, how're you going? This is my house and I'm going to build it with the help of my friend Big Tim. So what he's done is he has put a roof on top made of a bit of paper and I want to make it a bit stronger by putting a wooden block on top. Go ahead Big Tim. Here we go.

*(Big Tim puts the block of wood on the paper and it falls through on to Little Tim)*

Oh crikey!

*(Laughs).*

What's happened? Oh-aw-no! Aw, feeling a bit flat at the moment, but, aw, a bit squished and squadged.

*(Big Tim makes squishing noises and moulds Little Tim)*

Thanks Big Tim, I look great. Now luckily Big Tim has some corrugated, aw look at that them pretty triangles that looks real nice. And we're going to try that as well.

*(Big Tim puts the corrugated paper on top of the house)*

Just another piece of paper. Put it on top. Here we go! Oh wow! Now I have a beautiful house. I'm Little Tim.

*(Big Tim puts block of wood on top of the paper)*

Big Tim: And I'm Big Tim.

*(Camera pans back to Big Tim)*

If you want to find out more about this corrugated paper, head to the Questacon Science Squad website. See you next time.
